

The Way I See It
January 19, 2018

Thank you to **Pam Stewart** for completing the work papers for the cost report earlier than usual this year. We had a goal to get them to Eide Bailly before Christmas so they could get started on them and she met the goal with 2 days to spare. Thanks for keeping on it! Sandy Teubner

Thank you to **Pam Held** for your work on the W-2's and all associated year end tasks with payroll in between the holidays and your bereavement leave. I know it was a difficult time for you and your family, so it is greatly appreciated. Sandy Teubner

We would like to give a big Thank You to **the Care & Share Fund** for the purchase of the new blinds in the cafeteria. It was a very much needed update & they look great!! Lynette Bender, CDM

Thank you to **Sarah Gregg** for writing a grant to Blue Cross Blue Shield for a grant to assist in covering her DEEP diabetic classes. It was helpful for me, as I usually write other financial grants, but she knows the clinical side of the narrative and was very well written and saved me a lot of time writing it up. It would be great to receive the grant to offset our costs and have the ability to purchase additional supplies to enhance her program. Keep our fingers crossed! Sandra Teubner, CHFP

Thank all of **Med Srg staff** for working on reducing our expenses by leaving early, taking low census. We will not only reduce expenses but build on our team working skills ☐ You are all doing a great job and I thank you!!

Thank you **Melissa** for you work on Joy Boosters for our Department... it will be fun. You have great ideas.

Thank you **Marjorie** for all of your help with Cardiac Ready Community designation and teaching all of our CPR. I would bet you could teach it in your sleep.

Thank you **Wanda, Jess and Rosella** for picking up Night shifts to cover our vacant CNA position... you guys really stepped up and helped out...I do appreciate you all. Candie Thompson DON

Christy Arends very patiently spent time with a lot of phone calls, faxing, scanning etc. to help a local resident get electric power reconnected at their home. Without sharing the whole story, the end result is that through persistence and being the “go between” for an elderly person in our community, she was able to arrange for the necessary paperwork to be completed and sent and was assured that the electricity would be reconnected the same day. It may not have been direct St. Aloisius business but we are here to be a beacon within our community and Christy was certainly that “Beacon”. Pam Stewart

The difference between the right word and almost the right word is the difference between lightning and the lightning bug.

Mark Twain (1835 – 1910)
