

The Way I See It

12/16/16

We would like to acknowledge **Mindy Schneibel, Becca Opp, and Crystal Holzer** for their hard work and leadership during the snow storm. Not only did they do their normal nursing duties but they also found staff to cover shifts, transported staff to/from work, found sleeping accommodations for them and managed to keep everything running smoothly for our residents. This was greatly appreciated. (Submitted by Mavis Troftgruben and Sara Balfour)

Sara Schimke showed wonderful compassion while sitting with a resident during her last few hours with us. (DeeDee Knudtson)

Eleanor Sieglock - thank you for the great service you provide to all of your patients. Recently an emergency room patient expressed their gratitude and was very pleased with her treatment while in your care. Thank you for your compassion and dedication to your patients and making a difference in their lives. (Danita Rixen)

Thank you **Karen Bienek** for all the extra little things you do. I appreciate your finding medical record numbers for posting payments, bringing out extra receipt slips, and other misc. items. Your kindness is greatly appreciated, and it's a pleasure working with you. (Danita Rixen)

A big thank you to **Sister Mary Agnes** stepping up to help my students at the last minute when I had a snow emergency and **Pam Stewart** helping me figure out how to manipulate an Excel spreadsheet. Both of these wonderful ladies are always willing to help. (Deb McAvoy)

I'd like to acknowledge **Nancy Meland**. She is such an asset to St. Aloisius, and she's always pleasant & knowledgeable. She has so many responsibilities that affect each & every one of us. She answers questions concerning H.S.A.'s, health insurance, all the insurances from Aflac & Discovery Benefits, & employee benefits, just to name a few. If she doesn't have the answer, she's happy to research it, and find the answer. She helps out with payroll, and Payroll Based Journal Reporting, ACA requirements, disability, and the list goes on and on. Plus she has so many other duties that help each of our departments. I'm so glad she is my co-worker & friend, and I appreciate all she does for me. (Pam Held)

I want to say thank you to **Stephanie Wilner** for holding down our department while I was stranded in Bismarck during the storm. Stephanie, your hard work and dedication is greatly appreciated (Vikki Bentz)

I hope everyone had a good week. I apologize if I missed any notes this week as I was travelling and checking email as I was able to. If so, please resend for next week.

Sandy
